I'm a MERN Stack Web Developer. I have intermediate skills in Node, Express, MongoDB, React, Unit Testing, and other technologies. I am a capable and adaptable person looking forward to learning new techniques to gain experience that can be used in a career in the future.

SKILLS

Comfortable: Node.js, Express, MongoDB, React.js, Unit Testing, Logger, TypeScript, MySQL, JWT, Redux, Mongoose, JavaScript, Axios, Stripe, MUI, Tailwind, Firebase, NPM, HTML, CSS.

Familiar: OOP, Next.js, Debugging, Socket.IO, CI/CD Pipeline, Docker, API Doc, Python.

Other: Linux, Git, Figma, Postman, Heroku, Vercel, Render, Cloudinary, Jira, Slack.

PROJECT

Ecommerce Website:

[GitHub link](#) || [Live website](#).

- This website has JWT implemented, email, password, authentication, and a stripe payment system. It has an error log system that stores in MongoDB.
- Users can add items to the cart, change cart quantity, and remove items from the card. It gives users a notification when the order is shipped.
- Admin can update product status and restock, add, and delete products. When users order products then the admin gets a notification from it.

Technology Used: ReactJS, Redux, NodeJS, ExpressJS, MongoDB, Mongoose, Winston, Jest, JWT, Stripe, GitHub, Axios, Bootstrap, React-icons, moment.

Social Media App (fuzzy-lamp):

[GitHub link](#) || [Live website](#).

- This project has a real-time database implementation. Users can chat with each other.
- Users can Follow & UnFollow someone. Users can see someone's post by following them.
- Users can update their profile picture, cover photo, and their information.

Technology Used: React, Node, Express, MongoDB, Mongoose, Socket.IO, Git, Redux, JWT, Axios.

Inventory management system:

[Client-Side](#) || [Server-Side](#) || [Live website](#).

- This website uses aggregation in the backend to create 3 types of charts using recharts.
- Admin can add, update, delete a product, and see all information on this site.

Technology Used: ReactJS, NodeJS, ExpressJS, MongoDB, Mongoose, Redux, JWT, MUI.

EDUCATION

Diploma in Computer Engineering 2016- 2020

Jhenaidah Polytechnic Institute, Jhenaidah

LANGUAGE

- Bangla.
- English.
